COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Mail Stop ISSUE FEE
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Responsive to the Notice of Allowance/Notice of Allowability (copy attached) having a mailing date of January 26, 2010, Applicants submit the following comments for entry into the file history:

Responsive to the reasons for allowance, Applicants submit that Applicants' characterizations of LeVaughn should be limited to the statements made and summaries given by Applicants regarding LeVaughn during prosecution of the instant application, which statements or summaries may or may not agree with the stated reasons for allowance. Applicants agree, however, that their claims are patentable over LeVaughn, alone or in combination with other references.

Applicants acknowledge with appreciation and agree with the Examiners' statement concerning the rejection under 35 U.S.C. § 112. Specifically, it should be understood from the public record of this patent that certain claims, e.g., claims 12, 34, 38 and others, do not positively recite the lancing aid. These claims thus read on a lancet system separate from the lancing aid with which the claimed lancet system is used.

CONCLUSION

Applicants submit that this is a complete response to the Notice of Allowability and the stated Reasons for Allowance. If necessary, Applicants request that this response be considered a request for an extension of time for a time appropriate for the response to be timely filed. Please charge any fees that may be due in connection with this response to Bose McKinney & Evans LLP's Deposit Account Number 02-3223.

Respectfully submitted,

BOSE McKINNEY & EVANS LLP

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mike Bartol on 01/08/2010.

This application has been amended as follows:

Claim 12 is amended as follows:

In line 15, delete "a lancing aid" and insert —the lancing aid—

Claim 34 is amended as follows:

In line 15, delete "a lancing aid" and insert —the lancing aid—

Claim 38 is amended as follows:

In line 12, delete "housing to enlarge and prevents reuse" and insert —housing to enlarge, which prevents reuse—

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or render obvious the elements of a lancing aid comprising a blocking mechanism that prevents re-use of a lancet system with the lancing aid as claimed. LeVaughn does not actually teach a blocking mechanism that enlarges to

prevent the lancet system from interacting with the lancing aid after its removal. Altering the position of the needles within the housing and removing the endcaps from the lancet needles does not actually enlarge the lancet system. Additionally, LeVaughn does not explicitly teach that the lever (202) would not be able to rotate the lancets once their caps are removed. Furthermore, it appears as though LeVaughn does not teach re-use of the lancets. Although LeVaughn does teach that the resilient tongues may not be used, this still does not infer that the lancets are or could be re-used.

The 35 USC 112 rejection regarding the combination/subcombination is also withdrawn. Applicant has made clear that the lancing aid is only functionally recited throughout the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
